

Bayou

Texas

Turnoff the
Runoff

Patton

KEEPING BAYOU TEXAS HEALTHY

STORMWATER:

Things like rain
water carry pollutants
into the bayous, bays, and Gulf.

To reduce stormwater
runoff and keep it clean:

1. Take your car
to a professional car wash
2. Position gutters
so they point to grass
3. Clean up your
pet's waste
4. Don't use chemicals
often, find another way to stop pests
